## THE HOME NEWS.

A New Buffalo Monday night.

Colonial Kettledrum, Opera House, the 24th.

Eggs have gone sky high, and are as scarce as hens' teeth.

Secure seats for the Colonial Kettledrum, Opera House Friday 24th.

Miss Amanda Anderson will begin a select school at Pleasant Hill January 27th.

If you want to laugh, see A New Buffalo at Opera House Monday night, the 20th.

There will be no preaching at the Methodist Church next Sunday, as the pastor will be absent.

The funniest play of the season is A New Buffalo. At Opera House Monday night, the 20th.

Reserved seats for A New Buffalo are going rapidly. Get one at Stormes drug store, or you may have to stand.

A New Buffalo has attracted wide attention. Its one of the best shows on the road. Opera House Monday night, the 20th.

Law Office Removed.

W. L. Williams, the attorney, has moved his office into rooms over the Police Court, adjoining the Master Commissioner's office.

Examination of Scholars.

There will be an examination for graduates in the common school course held at the office of Miss Elisa Lusk, Superintendent, next Thursday, the 20th, at 9 o'clock a. m.

New Furnaces.

J. R. Haselden, the hardware man, has placed new furnaces in the Presbyterian church, and the improvement is greatly appreciated by the congregation. The old furnaces were put in when the house was built, some years ago.

The Wheat Crop.

Mr. H. A. B. Marksbury tells us the indications are that the wheat crop will fall far short in this county. He says it grew so rapidly for a time and as no snow has fallen to protect it from the severe weather, it will turn out almost a complete failure.

Notice.

If you have not paid your taxes you will find Sanders and Ward in E. W. Harris' store preparing to advertise your stuff. Do not say you had no warning, you can save cost by paying before we reach your name.

Sanders & Ward.

Good Idea.

The City Council has decided to put a stop to the fast and reckless driving on the streets. We hope this will be enforced, and not put on their statute book as an ornament. Its only a matter of a very short time when some puddin' headed dude will run an old switch tail horse over some one, and then there'll be trouble.

A Wonderful Tree.

There is an apple tree on the farm of Col. Charles Grimes, at Marksbury, this county, which is attracting much attention. It is a number of years old, and has never had a bloom, although it bears regularly every year. The fact that no bloom appears has attracted much attention. The crop is very heavy every year.

A "N" W" Suggestion.

In ordering your newspaper changed from one post office to another, please remember that it is necessary to say where your paper is going to at present. This matter has been dogged at the people ever since newspapers were published, but it seems that some people will not remember its importance.

Box Supper.

The members of the Christian Endeavor will give a box supper in the annex of the Christian church, Friday evening, Jan. 17. The public is invited and no lady will be admitted unless she presents a box at the door. The young people are trying to make some money for a good purpose, and are going to combine work and pleasure. Come and help them.

A Fine Show.

The Gorton Minstrels drew a crowded house last Friday. They gave the best show ever put on the local stage. There was nothing coarse about the entertainment, everything being up to date and strictly on the negro minstrel order. The band was the finest ever heard in Lancaster. Older citizens enjoyed seeing the old time fancies.

Col Walton Back in Lexington.

Col. W. P. Walton has bought a controlling interest in the Lexington Democrat, and is again editor and manager of that paper. This will be good news to his many friends, who know that he is entirely too big a gun to use weekly or semi-weekly shots. No man in the state has done more faithful work for the Democratic party than has he, and there is no better newspaper man to be found.

Opens Law Office.

J. Mort Rothwell has again located in Lancaster and opened a law office in rooms over Beazley's furniture store. Mr. Rothwell is an exceedingly bright young man, and a splendid lawyer. He has put in much time working for the democratic party over the state, and his speeches attracted wide attention. He tells us he has buckled down to business now, and will practice law from the word go. THE RECORD wishes him unbounded success.

Captures Prizes.

Mr. R. L. Elkin, of this city, took several pens of his fine black Minorca chickens to the big show at Louisville last week, and was awarded a number of the handsome prizes offered. When it is remembered that the show was a National affair and there were chickens there from all over the country, it will be seen that Mr. Elkin has some fine fowls. He devotes much attention to his chickens, and has a wide reputation as a fancier. He has sold a number at big prices.

Newspaper Change.

The Richmond Register changed hands last week, Messrs. Clyde Hart and Hood Little assuming control. Mr. Hart has been connected with newspapers for many years, and is a practical man in every way. Mr. Little is a new man in the harness, but is well qualified for the business. The Register is one of the oldest papers in the state, and under the new management will set a pace that will be hard to keep up with. THE RECORD wishes its hustling neighbors success, in every sense of the word.

The Insurance Business.

"We," remarked a Missouri editor, "are getting tired of the insurance business. When a man dies nowadays the first thing they ask is: 'Was he insured and for how much?' The papers all generally wind up the obituary with the amount of insurance. Soon obituary notices will read about like this: 'Peter Jones died and left a wife and two children. Loss fully covered by insurance.' Or if the deceased is not insured it will read about as follows: 'John Smith is dead. He leaves a wife. Total loss, no insurance.'"

Going to "Walt Table."

A number of Lancaster colored boys left last week for Naples, Florida, whence they will work as waiters at Miss Annie McLaughlin's hotel, Naples, on the Gulf. The party was headed by Clay Green, Will Gill and other of the best waiters in this section.

The Bulling Explained.

The newspaper men went after the Fourth Assistant Post Master General with a sharp stick, and the ruling regarding subscriptions, mentioned in our last issue, has been explained and proves more smoke than fire. It was made to shut out a number of the fake publications crowded into the mails, and does not apply to legitimate newspapers. The post office officials know that delinquent subscribers will receive enough punishment in the next world and are willing to let them enjoy the short time here upon earth.

Don't be a Nuisance.

Its hard to see why some people will wait until after the performance has commenced to come to the opera house. There's nothing in this world that so riles one as to have to get up and let some gimblet-headed dude and his girl climb over you after you are interested in the play. Its awful to have your face torn off by some girl dragging a wire bustle as big as a fed basket across your countenance. Will Manager Long please close the doors until after the curtain is rung down at close of first act? This will make those who want to parade in (for the audience to look at) come in time, and they will not get to enjoy these enjoying the show on the stage.

Event of the Season.

The latest entertainment which is attracting attention all over the country is the "Continental Kettledrum," a picture of historical social life in continental times, employing forty to one hundred of our home people, in collie, Tabieau, Songs, Marches, etc. This will be given at the Garrard Opera House Friday evening, the 24th. Several young ladies are at the head of the affair, and hard work is being put on the rehearsals. The proceeds go toward a fund to establish a free library in Lancaster, and a large crowd should attend the performance. The prices have been fixed at 25c, 35c and 50c. Reserved seats are now on sale and are being taken rapidly.

Deserving Words for Hustling Boy.

The Mr. Vernon correspondent to the Interior Journal writes as follows in regard to one of the most industrious and honorable young men in Lancaster: "Henry V. Bastin, who studied electrical engineering for several terms in State College, Lexington, has recently shown by practical demonstration that he didn't idle his time away. He has just installed an entirely new telephone plant for the Bastin Co., in Lancaster. Everything from the ground up was done by him or under his immediate supervision. He has been highly complimented by other engineers over his successful work. Mr. Bastin is also an inventor."

Small Pox in Kentucky.

According to the report of the Kentucky Board of Health made to Gov. Beckham by Dr. J. N. McCormick there have been 11,279 cases of the small pox treated in the State within two years. It has been scattered throughout 108 of the 119 counties of the State. There were only 184 deaths a percentage of fatalities of only 1.63. There were 382,280 persons vaccinated. The expense to the counties and municipalities in cash expended was \$308,271, and the loss through quarantine business interests is estimated at \$734,000. The State Treasurer has been called upon for \$7,000, which was expended for the operating of the State Department of Health.

Coming this Way.

In the Jessamine Journal's report of the granting of a right of way through that county to the Blue Grass Consolidated Traction Co., it says, in addition to other rights of way granted, was one from Nicholasville to Kentucky river via the Danville pike. Thus it will be seen that they have a right of way to the Garrard line, and evidently have Lancaster in mind. Such a line through Nicholasville to Lexington, would not hurt local merchants to a very great extent. Its only a matter of time until these inter-urban roads will run all over the Blue Grass section, provided the legislature doesn't open on them with the same vigor that it fights steam railroads.

"In Spotless Town."

The above musical farce, by Mr. Boyle Woolfolk, will be produced at the Danville opera house by a home-talent company tomorrow, Friday night, the 17th. Including the choruses, the company will include about thirty-five people, and the remarkable success of the rehearsals indicate that it will be by far the best entertainment ever put on the stage, professional or otherwise. The entertainment is given under the auspices of the Danville lodge of Elks. Saxton's orchestra plays the accompaniments. This play has attracted wide attention.

LOGAN DRY GOODS CO.

tion, and made quite a hit among the society people. Telephone T. P. Currey and have seats reserved, as a crowded house will witness the performance.

Bourne-Austin.

The Danville Advocate prints the following account of the marriage of well-known Garrard county people: Mr. Frank Bourne a farmer of Garrard county and Miss Annie Austin, a daughter of George Austin, a farmer of the same county, drove to Danville Wednesday and were married at the home of Rev. H. A. Sumrell. It was in no sense a runaway. They were accompanied by two Lancaster couples and after the ceremony the party went to Parksville and spent the night with relatives of the groom. They returned home yesterday morning. Mr. Bourne has the unique distinction of living in the exact center of the state of Kentucky. When the geological survey was made they determined that was the centre and drove a stake at that point. This stake is in Mr. Bourne's yard, near the house.

The Best Yet.

One of the best attractions of its kind which will appear in this city this season will be Phil W. and Nettie Peters in their new comedy vehicle "A New Buffalo." As a rule the amusement-seeking public are always looking for something new and their wishes will certainly be gratified in this attraction. Mr. Phil Peters is acknowledged as being one of the funniest comedians before the public and his original ideas and funny sayings which are introduced in his new comedy "A New Buffalo" will undoubtedly place him in the front rank of comedians. The specialties, songs, dances, etc., are up to the minute. This attraction will appear at Garrard Opera House on next Monday, the 20th. Reserved seat on sale at Stormes drug store. Prices 25, 35 and 50 cents.

"Blue Meets All Trains."

Alex Miller has purchased a handsome closed carriage, which will meet all trains day and night. His telephone number is 122, and if you will call him up, the carriage will call for you and take you to the train in plenty of time. His charge is very small, and the service first-class. A call left at the Garrard hotel will receive prompt attention. Alex is certainly entitled to much praise for his enterprise.

Safe Blown Open.

The safe of the Lincoln National Bank at Stanford was blown open Wednesday night and robbed. Particulars not known.

On To Frankfort.

The editor of THE RECORD left Tuesday night for Frankfort to join the executive and special committees of the Kentucky Press Association in an effort to secure the passage of some useful laws which are not only of benefit to newspapers but to the people generally. The special committee is headed by Judge John H. Westover, Williamstown Courier, chairman; Hon. Wm. Henry Jones, Glasgow Republican; Chas. M. Meacham, Hopkinsville Kentuckian; Chas. M. Lewis, Shelbyville Sentinel; Jas. M. Allen, Cynthiana Democrat, and Capt. E. W. Lillard, Danville News. This committee was appointed for the special purpose named above, to be assisted by the Executive Committee of the Association, which is composed of the following: Paul M. Moore, Earlinton Bee, chairman; C. C. Howard, LaRue County Herald; E. A. Gullion, Henry County Local; Louis Landram, Lancaster Record; M. F. Conley, Big Sandy News. All the members met in Frankfort yesterday and will remain until they accomplish something. One of the matters to be taken up is the advertising law. At present, when a man is sold out by order of court, his property is only advertised by three or four bills tacked up "in the vicinity of the land," so that prospective buyers never hear of it, consequently the land is sold for two-thirds its appraised value, making it a legal sale, and the fellow who is sold out has nothing left, after the usual costs are tacked against him. Everybody admits that this is unjust, but like many other Kentucky laws, its on the statute books and must be obeyed.

A Flourishing Church.

A little pamphlet, issued by the Presbyterian church at Ellsworth, Kas., shows that the church has grown wonderfully under the pastoral charge of Rev. J. R. Tersey, formerly of this city. Mr. Tersey has had charge of the Ellsworth church ever since he left here, some six years ago. He has many friends in Lancaster. In a recent remittance for his copy of THE RECORD, he asked to be remembered to all enquiring friends.

The man who finds he has bitten off more than he can chew is sure to indulge in a lot of unnecessary talk.

Lost.

On, or near the Public Square in Lancaster, an open face gold watch. Finder please return to this office and receive reward.

New Policeman.

Capt. S. D. Turner has appointed his brother, Mike, as his deputy. The latter is a fearless man, and, like Dee, will play no favorites and see that the law is enforced.

Pocket Book Lost.

Ladies pocketbook containing about \$12, a railroad ticket, a few papers, etc. Liberal reward for return to THE RECORD office. Lost Monday, on Lexington street.

Stanford Court.

Journal:—There was 150 cattle at A. B. Florence's pens Monday and all were sold. Good steer calves brought \$11 to \$12.50, some two-year-olds 4c, heifers, 2c and butcher stuff about 3c. At I. M. Bruce' pens there were 267 cattle and all but 40 head changed hands. Most of them were light stuff and sold at 3 to 3c.

The Naval Scandal to Date.

The net result of the Sampson-Schley scandal up to date is: Admiral Sampson's mind is gone, Admiral Schley will retire in as much disgrace as the department can force upon him; Lieutenant General Miles has been scathingly rebuked; Secretary Long was humiliated; Captain Cook, of the Brooklyn, is about to die with a broken heart; Captain Clark, of the Oregon, is lower on the list of Captains than before he brought the Oregon 10,000 miles to help Schley win the battle of Santiago; Captain Chadwick of New York, Sampson's evil genius, has received more prize money for being absent from the fight than Admiral Dewey for the victory of Manila Bay; Admiral Dewey has been criticised for his dissenting opinion; Macley the tool, has been dismissed, and, although painful to relate, Admiral Crowninshield, head of the Bureau of Navigation and the reputed chief of the navy "Ring," is scheduled for the command of the North Atlantic Squadron, and to represent the United States Navy at the coronation of the King of England.

ROMANS & ELMORE.

## CENTRAL RECORD.

An Independent, Local Newspaper. Issued Weekly.

LOUIS LANDRAM, Editor and Publisher.

Lancaster, Ky Jan. 16th 1902.

ONE of the bills introduced in the Legislature requires all trains to stop at county seats. At first thought, this appears to be a pretty good idea, but a little study will show that it is not right. In the first place, the railroads have almost been "legislated" out of Kentucky, and those who have are so hampered by unjust laws, that if the companies could remove their property, they would doubtless do so. But as to the stopping of all trains at every little pig path, this is the most unjust step yet. No railroad is built solely to haul local passengers, and the truth of the matter is, the companies derive little income from this source. What they want is through travel. Take the Queen & Crescent road. It has two trains each way every day for only through passengers, one only stopping at Lexington and Somerset in this state. Four other trains stop at all stations for the accommodation of passengers. If you were in a hurry to make a long journey, what would you say when your train came to pass through some state and had to stop every few miles? If you had ever traveled much and enjoyed up-to-date service, you would not only curse that state's legislature but every man, woman and child in it. Kentucky will always be a century behind the times until something is done to invite capital to our borders. The present plan is to legislate against, and run out every enterprise that comes. What we want is more railroads, and how can we get them if we continue to tax and burden them with silly laws? Kentucky has the resources, but she hasn't the railroad facilities, and from present prospects, it will be some time before she gets any more.

The Elizabethtown News has it on most excellent authority that Senator J. C. Blackburn and Gen. P. W. Hardin have both become quite rich. Those who remember the famous campaigns of 1895 and 1896, when these

## Trust In PROVIDENCE;

but don't neglect your life insurance. "He that provideth not for his own household hath denied the faith and is worse than an infidel." Begin the new year with a policy in

The Mutual Life Insurance Company of Kentucky.

R. L. DAVIDSON, District Agt., Lancaster, Ky.

J. C. BECK, Jr., Special Agt. State Bank & Trust Co. Building Richmond, Ky.

## PAINT LICK.

The farmers say that all of the wheat is killed in this locality. Mrs. Rodney Griggs fell off the door steps and was pretty badly hurt. John Haley, of Wyoming, was here this week trying to buy cattle for the western country. What has become of all of the working people, it is almost impossible to get a hand to do any kind of work. James Butler, who has been quite sick is able to be out again. Mr. Jack Adams and Mr. Eli Estridge are both still poorly. The annual clearing sale of R. L. Jennings & Co., is now going on. Every thing in heavy goods, such as Boots, Comforts, Blankets, etc., will be sold at sweeping reductions to make room for Spring Goods. Mr. T. J. Hord, of Springfield, was here this week to see his uncle and aunt, Mr. and Mrs. Armp Adams. Judge Turpin, of Richmond, was here Friday to see if he could do anything towards hurrying up the completion of the bridge. Little Misses Bruce and Lucile Adams, of Eldorado, Ark., are visiting relatives here. Mrs. Fannie Kilgore has gone to Dallas, Texas, to join her husband. Mr. Billy Broughton and family have moved back from Winchester, it is hard for any one that ever lived at Paint Lick to stay away.

## MANSE

Mrs. Sallie McCormack and daughter, Mrs. Thompson, Ramsey, are on the sick list. The Ladies Missionary Society met with Mrs. J. N. Denny last Friday. This is a good and doing a great work, and all should lend a helping hand. Misses Norma Elmore, Cora Ward, Bessie Batson and Willie Belle Burnside, together with Messrs. Burnside and Anderson, of Lancaster, have been visiting Miss Florence Burnside. The Manse Glee Club stormed Miss Annie and Oatly Burke Thursday night. Together with good entertaining and an excellent supper all spent a most enjoyable evening. Those present were Misses Elmore and Jennie Wallace, Mayme Ramsey, Mattie McCormack, Jennie Kavanaugh, Hallie and Fannie Royston, Frankye and Bessie Doty, Georgia Dunn, Jennie Higgins and Eliza Rucker; Messrs. Joe McCormick, Ollie Wallace, Ed and Dr. F. M. Walker, Dave Hurvey, Jim Rucker, Will Tudor, Walker Guyon, Stone Norman, Jno. and Wade Terrill and Boyce Doty.

## PREACHERSVILLE.

J. P. Ballard is building himself a nice dwelling house. F. F. Cummins sold some corn to his father at \$3 per barrel. J. C. Fox will go to Atlanta with his mules in the near future. J. M. Cress bought eight acres of land from Jack Sutton for \$330. J. S. Pettus, who has been down with typhoid fever is able to be out again. S. Morgan bought about 40 hogs from J. M. Cress at 5c, also some cattle from Mr. Chancellor and Mr. Adams, of Walnut Flat, at 2c. A protracted meeting commenced at the Methodist church last Monday night, conducted by the pastor, R. H. Hobbs, assisted by M. F. Moore. Roy Edwards, of Crab Orchard, and Miss Annie Scott, of Garrard county, was married last week by Rev. G. G. Ragan. We wish them much happiness and success in life. Roy Edwards, of Crab Orchard, was in our town first of the week on business. Rev. M. P. Morgan, of McKinney, was visiting here the first of the week. Rev. W. T. B. White was visiting F. F. Cummins and family Sunday.

## A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have had a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by R. E. McRoberts, druggist.

## STONE.

Lewis Simpson bought of Bud Duncan, one sow and six pigs for \$17. Miss Maggie Naylor bought of Mr. Arch Whitaker, a nice horse for \$100. Died on the 6th, Mr. Abner Ray, of lock bowels. He leaves a wife and several children to mourn his loss. Mrs. M. A. Sanders bought of Walter Payne five shafts at 4c, also sold to John Lane, two fat hogs at 5c. L. L. Sanders sold to Ras Allen 60 bushels of hemp seed at \$2.50 per bu, also to Ebert Walker, eight bushels at \$2.00 per bushel. "Edd Naylor Jr., is very sick at this writing. Born to the wife of Frank Land, 26 ult., a boy. Miss Emma Posey, of McCrery is at the bedside of her sister, Mrs. Mollie East, who is very low. Little Miss Lillian Mitchell is spending the winter with her sister, Mrs. Robert Burton, of McCrery. Miss Annie Preston, of Buena Vista, is visiting Miss Linnie Preston. Mrs. Kate Pollard, of Washington, Mr. Sim Naylor, of Danville, and Miss Carrie Naylor, of Danville, are visiting their father and Mother, Mr. and Mrs. Jack Naylor. Miss Mary Ellen Oustott, of Davis county, is visiting her cousin, Miss Mattie Oustott. Miss Edna Scott entered school at Danville, Ind., last week. Miss Ola Scott is visiting relatives in Jessamine county.

## FARM & GARDEN.

I am in the market for hemp, and will pay the top market price for same. See me before selling. R. M. West. 10-3-11. The Illinois corn crop is greatest in acreage since 1898, but the crop in quantity is short. England is short of both cattle and sheep. So is every European country except France, where here are plenty of cattle. One lesson of the recent drouth is that every farmer should own a reliable well. Driving stock several miles to water in midsummer is not a money making process. While farmers with a large area sometimes claim that "farming doesn't pay," other farmers manage to live and save something on ten acres. One of the successful farmers on a small farm made it a rule when he went to market to bring home more money than he carried. His rule was to endeavor to sell, in value, more money than he purchased, and to grow every thing on the farm for his own use that the land would produce. Ex. When you buy a sheep for breeding purposes be sure that it is better than the best in your flock. The many friends of G. H. Hausan, Engineer, L. E. & W. R. R., at present living at Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says, "I was cured by using Foley's Kidney Cure, which I recommend to all, especially trainmen who are usually similarly afflicted." C. C. & J. E. Stormes.

The wool clip for 1901 will aggregate 265,502,328 pounds. To this must be added 8,000,000 pounds pulled wool, which will bring the grand total above 270,000,000 pounds, valued at \$51,164,700. This enormous amount of wool is not sufficient to supply the demand of our manufacturers—they found it necessary to import nearly 125,000 lbs., valued at over \$24,000,000. Of this total amount, including that imported, there is sufficient for a complete woolen suit of clothes for every man, woman and child in America, with some to spare. Sheep naturally drink a little and often should have water convenient to them all the time. Farmers and stock breeders of Kentucky should remember the annual meeting of the Kentucky Live Stock Breeders' Association to be held at the Board of Trade Building, Louisville, on January 14th. All the stockholders are expected to be present and it is hoped that a large number of breeders who have not yet joined the Association will attend this meeting and help make the organization permanently successful. The annual fair and sale is of importance and value to every breeder in the State. To have the privilege of selling stock in these sales you must be a member of the Association.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annapolis, Bay Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by R. E. McRoberts, druggist.

On the majority of farms where mixed farming is carried on there is sufficient going to waste to almost maintain a flock of sheep, which would be lost without them. In Marion county, Pa., is a 140 acre orchard owned by J. H. Ledy. It contains 6,000 apple trees, 18,000 peach trees, and many thousand plums and pears. The peaches are set with the apples, and have done their best work by the time the apples need all the room. Mr. Ledy fertilizes well, cultivates persistently, and prunes peaches closely. He says that profit comes from quality, and quantity. An unpurged tree will set from 1,200 to 2,000 fruits. He does not wish over 200, and fewer are better. Of large varieties, 130 to 160 make a bushel and a bushel to a tree is enough. This means a small charge for picking, packing and freight, and a big price for fancy quality. Last fall Mr. Ledy shipped two and one-half bushels to Philadelphia and received \$4.95 gross. A neighbor shipped 20 bushels the same day to same firm and received \$9 gross. Charges for picking, handling, etc., per bushel were the same. The 20 bushel lot gave net returns of 30 cts. or one and one-half cents a bushel. The two and one-half bushel lot netted \$1.50 per bushel. Mr. Ledy fertilizes with acid phosphate and muriate of potash, 400 pounds rock to 100 lbs. muriate. For nitrogen he uses cow peas, crimson clover, etc.—Country Gentleman.

## The Secret of Long Life.

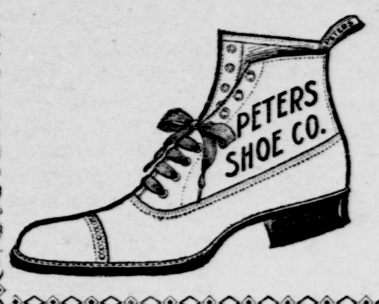

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by R. E. McRoberts, Lancaster, and Fish & Co., Paint Lick, druggists.

## LOW PRICES!

The low prices we are making on SHOES during January means Money Saving for every man and woman who buys SHOES now.

We have completed stock-taking and find that we have too many SHOES on our shelves and we must close them out to make room for Spring and Summer goods.

## "The Superlative"

That, and nothing less than that, applies in describing our overcoat service.

## The New Yoke Overcoat

as built-to-measure for our customers, by The Royal Tailors of Chicago, represents the "outside limit" in strictly swag-gar dress.

As spotless as virtue, and as graceful as a "two-step."

Perfect fabrics—tested linings—selected trimmings—and the best tailoring that American tailors know how to give. Command see our new (this month's) plates on

"THE HARVARD," "THE YALE," "THE LIPTON"

Style is hammered right into them. THEY FIT. The one you get is made for you. And the low price is the marvel of the merchant tailoring world.

We make the other styles of overcoats, too.—The Automobile, The Royal Raglan, The London Top Coat—everything in fashionable dress for men and boys. "Pay less and dress better."

Our stock is still unbroken for Suits of our popular price \$15, \$18.50 and \$20. To be sure of getting a suit for Christmas, place your order at once.

### Lost in the Shuffle.

The Dickerman Concert Co., advertised to appear at the Garrard Opera House Monday, failed to come, and nothing has been heard from them:

### Wanted.

Hens 54c per lb., Turkeys 6 to 7c per lb., Geese 35 cents each, Ducks 6c per lb. Phone 35. H. B. Northcott.

I will run my corn mill every Monday and Saturday. Bring your corn and get good meal. S. T. Leavel.

If your teeth have ached, or getting loose, it will pay you to see Dr. Hobson, dentist, Richmond. before you have some ignorant person pull them out. At Garrard Hotel, Lancaster, every second Monday. tf

FOUND, a gold watch, on Lexington pike. Person describing same and paying for this notice can get watch. J. C. Thompson.

### Removed.

We have moved into the store room in the New Garrard Hotel. We will have more room and carry a larger stock than heretofore. Everything new and stylish in the line of shoes and furnishings, etc., always on hand at lowest prices. Thanking the public for patronage and soliciting further favors, we are, Respt. Yours, Burnett & Co.

You will find Austin & Kemper's coal yard at Leavel's planing mill.

Notice to the Public at Large. We have established at Kirksville, Madison county, Ky., an Exchange house for the purpose of accommodating the farmers in that district with Flour, Meal, Bran, etc. This business will be conducted by Mr. J. B. Walker, the polite all-round merchant at that place. Call on him for your needs in his and our line, you will be nicely treated. Respectfully, jan-9-2t Potts Brothers.

Ring 41, Austin & Kemper's and a prompt delivery on coal. Rebate stamps given.

### To The Public.

I have sold my stock of Hardware, etc., to K. F. Postle and turned same over with my good will to him. I am very grateful to my good friends for their very liberal patronage in the past, and bespeak for Mr. Postle the same kind and liberal patronage as extended me. It is very important to me that my business be settled as soon as possible. I ask all who are indebted to me to come soon to the old stand, where I can be found for a short time or J. B. Collier in my absence to wait on you. By so doing you will greatly oblige your friend, 1-9-2t J. C. Robinson.

Wanted—Hay and corn, by Austin & Kemper at Leavel's coal yard.

Taxes come high, but we must have them.

A Profitable Investment. "I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerset, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia cures all stomach troubles. F. P. Frisbie.

Only a cowardly painter would desert his colors.

Child Worth Millions. "My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa. "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung trouble. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. F. P. Frisbie.

### FLATWOODS.

Geo Elam bought a calf for \$6.00.

J. C. Clouse bought seven hogs of Geo. Miller for \$4.50 a hundred.

The Rev. Noah Smith, of Bell county, bought Jas Hutchins' team for \$950.00.

W. H. Furr bought of John Duderar 18 sheep for \$52.00.

Jim Naylor sold his farm to "Tuck" Miller for \$1,000.

W. H. Furr bought of J. C. Clouse, five hogs at \$4.75 a hundred.

Wm Lawson bought of W. H. Furr, a fat hog for \$6.00 a hundred.

John Boian sold his farm on the Copper Creek pike to a Mr. Aldridge for \$1,300.

Rev. Ira Parton requests us to say that he has resigned all his work in Cumberland River Association and devotes his whole time to work in Tates Creek Association.

Married at the home of the bride, Jim Grayson and Miss Ella Elam, daughter of Geo. Elam. The Rev. McC. Hutchins officiating. Married on Jan. 8th, 1902, Jack Edward and Miss Jennie Scott. Mr. Walter Spangler visited W. H. Furr last week. Geo. Barnes, Jesse Cook and Wm Naylor visited at Mrs. Florence Cormoneses Sunday last. Hugh Ball and wife visited at Joseph Ball's Sunday. John A. Rice has gone to Pineville to dig coal.

### GENERAL NEWS.

President Roosevelt entertained a bunch of labor leaders at luncheon.

Mariah Ratcliffe, a negro woman, died at Hopkinsville at the age of 106 years.

A joint resolution commending Schley was introduced in the House at Frankfort by Mr. Weatherford.

The Geological Survey report shows that the value of the mineral products of the United States in 1900 exceeded for the first time the billion dollar mark.

Medical authorities in Manila believe that much of the illness and breaking down of the troops in the Philippines is due to homesickness, and plans are on foot for a brief daily cable service of American news, little of which reaches even Manila.

According to the Financial Age, a company is forming to acquire a million and a quarter acres of coal lands in Kentucky, Tennessee and Alabama, with a present output of 67,500 tons daily. Plans are said to be on foot whereby coal can be delivered to tide-water at a cost of less than a dollar a ton.

According to Superintendent McChesney's biennial report there are 380,000 white children and 48,000 colored children enrolled in the public schools of Kentucky. The State has spent for educational purposes in 1901 \$1,480,000. The average cost of teaching is \$6.50 each for white children and \$7.40 each for colored children.

The bill for a Capitol appropriation has been drawn and was introduced by Representative Holland. The bill creates a commission of seven members and a secretary, with the Treasurer and Auditor as ex-officio members. A special tax of two and a half cents on each \$100 valuation is to be levied for six years, but \$10,000 is to be made immediately available for the preparation of plans, designs and other preliminary work. The estimated cost of the Capitol is \$1,000,000.

New Century Comfort. Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; cures Ulcers, and Fever Sores; cures Eruptions, Salt Rheum, Boils and Felons; removes Corns and Warts. Best pile cure on earth. Only 25c at R. E. McRoberts Lancaster and Fish & Co. Paint Lick, druggists.

He who telleth the truth about his neighbor is not infrequently the defendant in a suit for damages.

The finest gold fills, \$1.50, amalgam 75cts. Dr. Hobson, dentist, Richmond. At Garrard Hotel, Lancaster, every second Monday. tf

Few people would be satisfied if they got all that's coming to them.

Don't Live Together. Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with costiveness nine years," says J. O. Greene, Depauw, Ind. "I have tried many remedies, but Little Early Risers give best results." F. P. Frisbie.

When an opportunity arises it is usually for the purpose of going.

In Bed Four Weeks With La Grippe. We have received the following letter from Mr. Roy Kemp, of Angola Ind. "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and I now use it exclusively in my family." Foley's Honey and Tar has long been a household favorite for all throat and lung troubles. Refuse substitutes. C. C. & J. E. Stormes.

Fortunate is the man who falls only for the purpose of rising higher.

Women and Jewels. Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boesche's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. Green's reliable remedies at Stormes' drug store. Get Green's Special Almanac. 6m

Many a woman clothes her body until she resembles a fashion plate, while she lets her mind go ragged.

Finda Way to Live Long. The startling announcement of a Discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco, Ind. "I wish to state" he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." R. E. McRoberts, Lancaster, Fish & Co., Paint Lick guarantee every 50c and \$1 bottle, and give trial bottles free.

## BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

### Eternal vigilance is the price of a beautiful complexion

When such remedies are relied on, Mr. H. T. Shobe, 204 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now several years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a permanent, unfading cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. It purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

**CONDENSED MILK.**

People of Japan Have Developed a Great Fondness for This Product of Our Dairies.

A curious coincidence learned by the experts of the department of agriculture in a tour of the orient is the fact that while the natives of China, Japan, the Philippines and the coast region never have cultivated a taste for butter and cheese, yet they have made up this discrepancy by their fondness for condensed milk.

A few years after the process of condensing milk was discovered, the natives of Japan, China and the east generally soon cultivated a liking for it, and to-day condensed milk is more popular and in greater demand in these countries than in any other western product. Thousands of cans are shipped from San Francisco to the ports of China and Japan and to Manila every week and in supplying this trade the United States holds the monopoly.

In regard to butter and cheese, while the outlook is bright, says officials of the department, still it is hardly possible for us to compete with Australia on equal terms in supplying these commodities, for the reason that that country lies several thousand miles nearer the market than we do. But when it comes to Japan, American dairy products, it is believed, will be able to compete with Australian butter on equal terms.

As above stated, the natives have cultivated little taste for butter or for cheese, so that the sales of these products are made mostly for the large European and American population in the principal seaports from Nagasaki to Singapore who up until a very short time ago depended entirely on Australia for their supply. Now that the agents from the United States are in the field, it is said that both dealers and customers are willing to buy American butter and cheese, and in a majority of cases, have expressed a preference for these two products sent there from the United States.

**ADDED STABLE ROOM.**

How Farmers Who Need More Extensive Stock Quarters Can Do Much with Little.

The illustrations show the elevation of the ordinary farm barn, and also the floor plan, as it appears when the addition that is shown has been built to give increased room for the accommodation of cow, or other stalls. The addition is across one end of the barn, each end projecting to form an open manure shed. The shed on the left hand can be boarded in and used for calves or other young stock, or for a place to store tools and farm machines, if desired.

**ELEVATION OF BARN.**

modation of cow, or other stalls. The addition is across one end of the barn, each end projecting to form an open manure shed. The shed on the left hand can be boarded in and used for calves or other young stock, or for a place to store tools and farm machines, if desired.

**GROUND PLAN OF BARN.**

## DAVE LIKES MOUNTAINS.

Conway, Ky., Jan. 5, '02.—Editor RECORD:—The Record reached us O. K., this week, and it makes us feel at home to sit around our old fashioned wood fire and read the news from our old county seat, Lancaster, and other acquaintances. We like our new home splendidly, if it is in the mountains. I have often heard it said that the cleverest people in the world live in the mountains, and I sometimes think it is true, it look like they can't do too much for a person, and treat a stranger too well.

Conway is a small, but a lively little mountain town on the K. C. R. R., half way between Richmond and Livingston. Two stores, school house, church, &c. A Nicholasville Company is drilling for oil near here, they have gone down 700 feet and prospects are good for oil and gas. The citizens are looking for a big boom in the near future.

Wishing you a merry Christmas and a happy and prosperous New Year, I am yours truly, D. C. Pullins.

**CONDENSED MILK.**

People of Japan Have Developed a Great Fondness for This Product of Our Dairies.

A curious coincidence learned by the experts of the department of agriculture in a tour of the orient is the fact that while the natives of China, Japan, the Philippines and the coast region never have cultivated a taste for butter and cheese, yet they have made up this discrepancy by their fondness for condensed milk.

A few years after the process of condensing milk was discovered, the natives of Japan, China and the east generally soon cultivated a liking for it, and to-day condensed milk is more popular and in greater demand in these countries than in any other western product. Thousands of cans are shipped from San Francisco to the ports of China and Japan and to Manila every week and in supplying this trade the United States holds the monopoly.

In regard to butter and cheese, while the outlook is bright, says officials of the department, still it is hardly possible for us to compete with Australia on equal terms in supplying these commodities, for the reason that that country lies several thousand miles nearer the market than we do. But when it comes to Japan, American dairy products, it is believed, will be able to compete with Australian butter on equal terms.

As above stated, the natives have cultivated little taste for butter or for cheese, so that the sales of these products are made mostly for the large European and American population in the principal seaports from Nagasaki to Singapore who up until a very short time ago depended entirely on Australia for their supply. Now that the agents from the United States are in the field, it is said that both dealers and customers are willing to buy American butter and cheese, and in a majority of cases, have expressed a preference for these two products sent there from the United States.

**ADDED STABLE ROOM.**

How Farmers Who Need More Extensive Stock Quarters Can Do Much with Little.

The illustrations show the elevation of the ordinary farm barn, and also the floor plan, as it appears when the addition that is shown has been built to give increased room for the accommodation of cow, or other stalls. The addition is across one end of the barn, each end projecting to form an open manure shed. The shed on the left hand can be boarded in and used for calves or other young stock, or for a place to store tools and farm machines, if desired.

**ELEVATION OF BARN.**

## ADVERTISING ON FARMS.

Every Man Who Has Ever Tried It Believes Firmly in Its Pecuniary Value.

In nearly every locality, much may be accomplished by advertising whatever we have for sale. Proof of this will be found in your own desire to see what others advertise for sale. Personally, I am ready to admit that the advertising columns of any paper always have a strong fascination for me, and if I see what others offer for sale, others will see what I may have. The local newspapers judiciously used will nearly always bring ample returns. Nest circulars stating what you have for sale and how it may be obtained, mailed to your customers or to prospective ones, will usually meet a response. A very convenient way, and also one which has brought us very satisfactory results, is the simple device of a bulletin board. Referring to the illustration, we have "For Sale" and "Wanted" columns.

**For Sale**

**Wanted**

**THE FARM BLACKBOARD.**

which words may be lettered permanently with white paint, or printed with chalk as occasion may require. A very cheaply constructed board (any desired size), may be made as follows: Use only the best quality of soft-wood lumber, free from pitch and knots. The boards should be evenly cut the desired length (a convenient size is 2 1/2 by 3 feet), and fastened tightly and firmly together with cleats and screws. The screws should be driven from the back of the board, and should be one-quarter-inch shorter than the combined thickness of the cleat and board, so that they shall not reach through to, and interfere with the surface of the board. The side cleats should be put on flush, or nearly so, with the ends of the boards; and the center cleat should be cut long enough to extend two or three inches above and below the board. A post should be firmly set in the ground to which the board may be fastened by driving screws through the projecting ends of the center cleat into the post. This leaves the entire surface of the board free from screws or nails, and it may be put up or taken down at will.

To prepare the blackboard for use, take the best grain alcohol and shellac in the proportion of two parts of the former to one part of the latter; one pint of alcohol to one-half pint of shellac would doubtless be sufficient. To this mixture add sufficient of the best black drop (powder), to give the desired color, which should be a dead black, and one tablespoonful of finely powdered pumice stone. This latter is added to give the mixture sufficient grit to take the chalk freely when thoroughly hardened. Apply with an ordinary paint brush, three or four coats, allowing each application to dry thoroughly before the next is made. This formula has been sold at high prices, but was furnished me by an experienced decorator, and pronounced the best blackboard dressing in the market. Try it on your school blackboards, and save exorbitant charges by one hired to do the work.—Rural New Yorker.

**HINT WORTH TAKING.**

Every Community. No Matter How Poor, Can Do Something Toward Road Improvement.

"Tope deferred maketh the heart sick." Everybody knows that the well-made macadam road is "a thing of beauty," and likewise "a joy forever." On the main highways and principal thoroughfares of the land no other kind of material should be considered, unless something better shall be discovered. At the present time macadam is the best, and the best is none too good.

But there are miles and miles of highways that no one can hope will be macadamized for—who can say how many years? They are the quiet, unfrequented roads which lead off the main highways and happily meander through ideal pastoral neighborhoods. Their charm lies in the fact that they are not big, busy thoroughfares. Such as these are ideal paths until it happens to rain or they become filled with a superfluity of dust.

About half the time these otherwise lovely ways are not fit to be traveled. And yet during all their seasons of disagreeableness, there are hills of gravel lying within easy reach of their worst spots. Or there are banks of clay, which were burned, would make excellent ballast.

The point is that people in rural localities where the building of macadam roads is a remote possibility should at once make the very best use of the means and materials at hand. Town meetings should be called, committees appointed to study the best and most available materials to use, and some substantial roadwork should be done this year.

Don't let good gravel banks stand untouched when there are mudholes or dustheaps within a stone's throw of them. A well-drained road and a well-dressed road will bring joy to the few or the many who use it.—N. Y. Tribune.

The grower of fruit must put it in such packages as his customers like if he expects to make fruit growing a financial success.

## \$500 Reward.

The Bastin Telephone Company offers a reward of fifty (\$50) dollars for the arrest and conviction of any one cutting, shooting, or in any way injuring or tampering with its wires, cables, poles, cross arms, pins or insulators.

Section 1231 of Kentucky Statutes makes any of these acts a felony and is as follows:

Sect. 1231—Injuring Telephone and Telegraph Lines.

"If any person shall willfully and maliciously injure, obstruct or destroy a telegraph or telephone line, post or pier, or electric light or motive wire, or the materials or property belonging to or attached to any or either of same, he shall be confined in the penitentiary not less than two nor more than ten years."

The Bastin Telephone Company offers the above reward for any arrest and conviction of any one committing any of the acts forbidden in the above section against its lines. The Bastin Telephone Company.

## DAVIDSON & LANDRAM.

Real Estate Agents.

— LANCASTER, KY. —

Having associated ourselves together for the purpose of doing a general Real Estate business, we offer our services to the public, both to those who wish to buy and those who wish to sell. Those who have farms, or other real estate they wish to sell will please call at the law office of R. L. Davidson, over Stormes' drug store, and list their property for sale with us. We will advertise it extensively in the CENTRAL RECORD, also by hand-bills and business cards, and make no charge for our services unless a sale is made either directly or indirectly. Titles will be examined, contracts and deeds written, mortgages released, etc., without extra charge.

If you have property for sale you can sell it quickly and to your advantage by listing it with us. Below is a partial list of the property already listed with us:
